30th January 2017

Dear Sir/Madam,

We are writing to inform you about how dangerous it is outside our school, Kew Riverside Primary, with traffic and parked cars.

First thing in the morning, cars park across some of the road which causes terrible traffic. It is the same when we go home!

The zebra crossing outside the back of our playground is exceptionally dangerous. We feel it is only a matter of time before someone is seriously injured. So many times, as we're about to cross the road, rather than slow down to let us cross safely, the drivers actually speed up to get through before we can cross.

We strongly feel that action needs to be taken now before someone is hospitalised. Perhaps you should consider adding a digital speed display board to shame people into slowing down? Maybe you could employ a lollipop person. Whilst this would cost money, is that not better than the risk of a child getting hurt?

Many thanks for taking the time to read our letter.

Kew Riverside Primary School Junior Leadership Team.
