

Dot, dash, find a rainbow and count!

Can you practise reading these words that have the long 'a' vowel sound in? This sound can be written as ai, ay, a_e, ey, a and igh! Add sound buttons to the words, then write the number of sounds in each word. Remember, you put a dot for a single letter sound, a dash for a digraph and add a rainbow to show where there is a split digraph!
