

Imagine it

Look at the front cover again, looking closely at the picture. Think about where Erin is going:

- Can you find the Black Rock mentioned in the title? How would you describe it?
- Would you want to go there? Why? Why not? What can you see?
- Think about what the secret of Black Rock might be. What do you think she will find there?

Can you make a prediction for what will happen in the story? Draw a story map to show What will happen with Erin and the Secret of Black Rock. Think about why she wanted to go there? What do you imagine happens when she arrives there? How does the story end?
