

Sequence:

Session 1 – Video/Slides

Session 2 – Task 1

Session 3 – Task 3

## Science Task – Light – Reflection

Watch the video:

<https://www.bbc.co.uk/bitesize/topics/zbssgk7/articles/zqdx82>

Read through the slides on reflection.

In your book, write the date and LO, then copy the table below – use a ruler and a pencil.

**LO: To explore how light is reflected from surfaces.**

Task 1:

Object	Reflects a lot of light	Reflects some light	Reflects a little bit of light

How many objects can you find that reflect light? **Try and find at least five.** Write a list of them in the table below and tick the column that best describes how much light they reflect.

\*\*\*\*\*

Task 2:

Now draw a diagram of you looking into a mirror. Use labels to show what is happening.
