School Results Report 2018-2019

Dear Parents and Carers

Time to celebrate! It is with great pleasure that I can announce our SATs, Phonics and EYFS results for 2018-19.

In KS2, Kew Riverside's (**KRPS**) score **exceeds national results in all areas**. This is an excellent result.

The 'Floor Standard' is a Government determined national target that states how many children per year group are anticipated to achieve the expected level of learning (EXS) for their age group in core subjects. The Floor Standard for Year 6 this academic year was set at 65%. There is also a higher, greater depth standard (GDS).

Key Stage 2: (Year 6: Lions – 30 children)	% of Children reaching the 'Expected Standard' (EXS)

As a one-form entry school, each of our children represents 3.3% (assuming a class of 30). Children who are new to the school and/or learning English as a new language, or have special needs are not assessed but are included in the cohort size. So if, for example, three children in a class of 30 fall into these categories, that can impact results by 10%. For example, in Year 2 we have had nine children join us since Reception. I hope this helps provide context for this year's results.

Please also note that these results provide a measure of the pupils' underline attainment against the target; they do not provide a measure of the underline progress made by the pupils, each of whom has a different learning journey. Therefore the results provide only a partial picture of what each child has achieved. All of the children are on a learning journey and we are confident that their progress indicates higher levels of attainment can be achieved going forward.

My sincere thanks go to all the staff for their hard work and dedication throughout the year, to you for your support at home and, of course, to all the children.

A full report will be uploaded to the website under the School Information/FAQs tab.

Do spread the word about our great results! There is much to celebrate but more work to do next year as we continue to deliver the best education for our children.

If you do have any further questions about these results please do get in touch. Happy holidays to you all!
