

November 2018

Dear Parents and Carers,

Your feedback is always highly valued, and I would like to thank all those who responded to our survey in June. The results (attached) show an overall good level of satisfaction with the school, although we need to be cautious in drawing conclusions owing to the low number of responses.

If you have any comments on these results, or want to provide any other feedback, the governors would be pleased to hear from you. Either leave a note in the governors' pigeon hole by reception or email to governors@kewriverside.sch.richmond.uk.

One topic that has rated less well in recent years is familiarity with the School Development Plan (SDP). The SDP sets out the strategic direction of the school over the next 3 years, as agreed by Darren and his leadership team in conjunction with the governors. It is therefore extremely important and I hope that the updates on the SDP in the Weekly Bulletin have helped you understand the actions being taken as we strive to continually improve as a school under the four headings:

- The school's identity
- Raising standards across the curriculum
- Communication with school stakeholders
- Development of staff.

The school's identity is reflected in our vision which you helped us refresh earlier in the year, and which we are now working to embed within everyday life at the school.

The SDP is closely linked to the Self Evaluation Form (SEF) which you will find on the website under 'Our School'. The SEF identifies the areas of strength and those needing further development, which are then reflected in the SDP.

On a personal note, I am sure you all share my excitement in looking forward to the usual wonderful programme of Christmas events at the school, especially those put on by the children. I hope to meet some of you then.

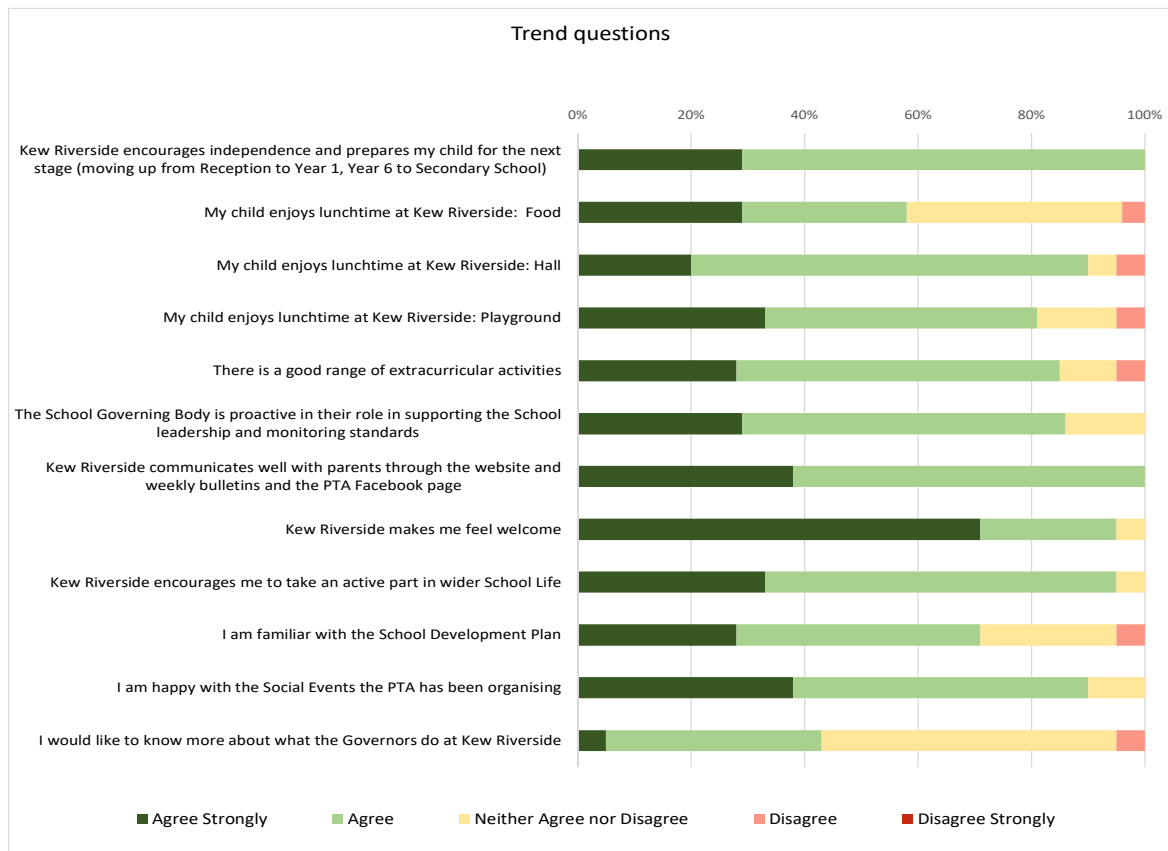

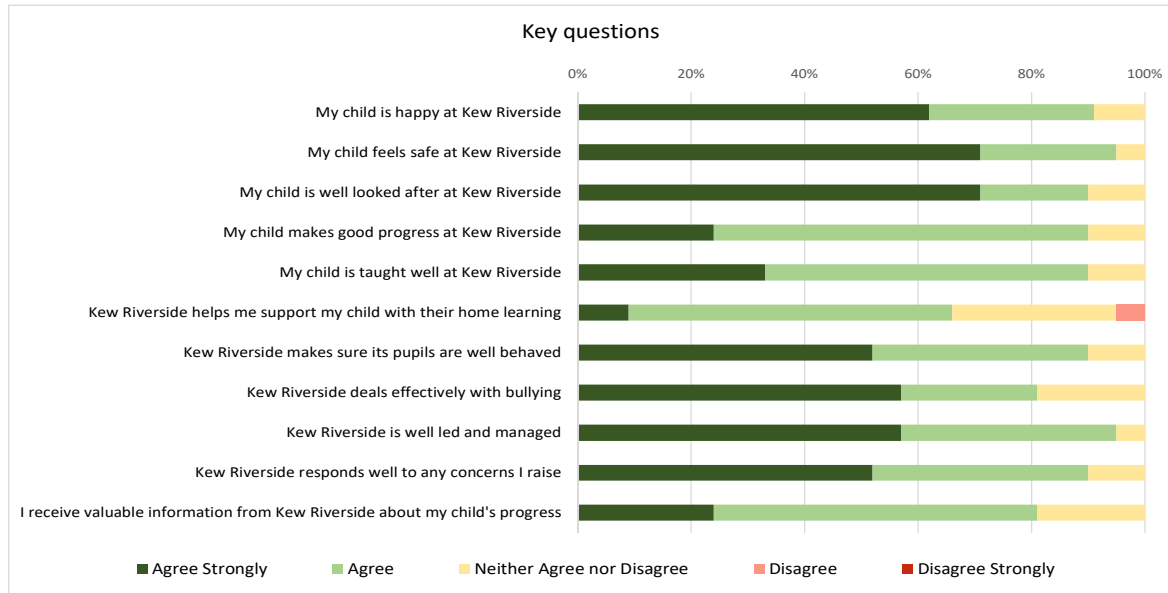

With best wishes,

Stephen Hyams
Chair of the Governing Body

Kew Riverside Primary School: 2018 Parents & Carers Survey

We set out below the results of the 2018 Survey, based on the 21 responses received.

The survey questions are the same as those used in 2017; firstly key questions Ofsted monitor and then questions we asked in 2017.

Finally you were asked whether you would recommend KRPS to another parent or carer; about 95% of respondents gave the school a rating of 7 and above (out of 10).
