### Task 1:

Watch the video and then find out about the story of Hanukkah by exploring the webpage.

Optional task: Create a comic strip.

What is the story of Hanukkah?

### Task 2:

During Hanukkah, Jews light a menorah. The candles represent God's light and remind Jews that they also can spread God's light on earth. Can you think of eight good things you could do in the next week? In your book create your own Menorah Candles (like the picture below) and think about what good things you could do at home.
