Willow Tree			In this beautiful picture book by Hawaiian artist Emily Hughes we meet a little girl who has known nothing but nature from birth she was taught to talk by birds, to eat by bears and to play by foxes she is unashamedly, irrefutably, irrepressibly wild. That is, until she is snared by some very strange animals that look oddly like her, but they don't talk right, eat right, or play correctly, she's puzzled by their behaviour and their insistence to live in these strange concrete structures known as 'apartments' there's no green here, no animals, no trees, no rivers. Now she lives in the comfort of civilization. But will civilization get comfortable with her?	Pattan has an amazing pumpkin... it grows BIGGER than the goats, BIGGER than the elephants, until it is as TALL as the mountains. But can Pattan's pumpkin save his family and all the animals when the storm-clouds burst and the waters rise?	Taking Flight: How the Wright Brothers Conquered the Skies:	When Amelia was young, she liked to imagine she could stretch her wings and fly away like a bird. As a grown woman, she set a new female world record for flying up to 14,000 feet. She also flew across the Atlantic and the Pacific oceans, and eventually undertook the most dangerous mission of all: to fly all the way around the world. This moving book features stylish and quirky illustrations and extra facts at the back, including a biographical timeline with historical photos and a detailed profile of the aviator's life

Ash and Oak Tree	Set sail with Odysseus as he fights to find his way back home after the brutal Trojan War. On his ten year journey, he endures harrowing ordeals, battles monsters and learns what it means to be a hero. Award-winning professional storytellers Hugh Lupton and Daniel Morden's gripping retelling breathes new life into Homer's classic The Odyssey.		Nathaniel doesn't want to move to England with his master's family, leaving behind his mother and sister on the Jamaican plantation.  But then he remembers what his mother told him: once a slave sets foot on English soil, they're free. Perhaps he can earn his fortune and buy his family's freedom, too.  	Britain, 1940. With World War Two raging all around, young children are being sent from their homes in the city to the countryside for safety. When eight-year-old Willie Beech first arrives on Tom Oakley's doorstep, neither are quite sure what to make of each other.  	Imagine that a few years from now England is covered by water, and Norwich is an island. Zoe, left behind in the confusion when her parents escaped, survives there as best she can. Alone and desperate among marauding gangs, she manages to dig a derelict boat out of the mud and gets away to Eels Island. But Eels Island, whose raggle-taggle inhabitants are dominated by the strange boy ooby, is full of danger too.  The belief that she will one day find her parents spurs Zoe on to a dramatic escape in a story of courage and determination that is handled with warmth and humanity.
