

Geography - The River Nile

Task 1: Finding out about The River Nile

Write the date and LO in your book - Remember to underline

LO: To investigate the River Nile in detail.

Read the slides posted on SeeSaw and watch the video below:

<https://www.bbc.co.uk/bitesize/clips/z3rwmp3>

Using the slides, answer the following questions in your book. You do not need to write out the question but you **MUST** answer in **FULL** sentences.

1. How long is the River Nile?
2. Which countries does the River Nile flow through?
3. Where is the source of the River Nile?
4. Where is the mouth of the River Nile?
5. Name two animals that live in the River Nile:
6. Where does the name Nile come from?
7. Why is the Nile so important for people who live next to it?
8. The River Nile used to flood every year but now it does not. Why is this?

Task 2: Creating a Fact File

Take a **DOUBLE PAGE** in your book so you have lots of space to write.

Write the date and LO in your book - Remember to underline

LO: To create a fact file about The River Nile

Have a look at my example fact file on SeeSaw - your task is to create your own fact file about The River Nile, remember to include:

- ✓ Heading
- ✓ Sub-headings
- ✓ Pictures/Diagrams
- ✓ Captions (these are missing from my example!)
- ✓ Bullet points
- ✓ Fact box

I have included a templates on the next page if you are unsure how to layout your fact file.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines in total. The paper has rounded corners at the top.

[illegible]
