Lesson 2 - LO: To order and sequence events in a narrative.

- 1) Watch the video again to remind yourself of the story.
- 2) Take a double page in your book and turn it into eight boxes, create a comic strip for 'Powerless'.

Want some help? I have placed the eight main events below but they are jumbled up! Unjumble them to order your comic strip correctly.

- A. The man returns to the cottage disappointed.
- B. He spots the robot struggling to help a red fairy-like animal be freed from a fallen tree.
- C. The small fairy-like animal sneaks into the house and brings the robot to life.
- D. Alone in a dark forest there is an isolated cottage.
- E. He strides back to the cottage and knocks on the door.
- F. An elderly man and a shiny robot are sleeping soundly in a small cottage in the woods.
