

## FRENCH – FOOD

Last term in French we looked at different words for food in French.

I have provided a few worksheets for you to do. These will focus on what you have eaten and what you like and dislike. You can do these on the computer or by hand on a piece of paper.

Do not worry if you are unsure of a word – I have attached the words for food in French!

### En France, ils mangent (In France, They Eat)

Have you been to France and eaten there? Did you have any traditional dishes?  
Use your research skills to find out about what people eat in France.  
Do you like these foods? Would you like to try some?  
Use your **preferences language** to say what you think. Here's an example:

	J'adore...
	J'aime...
	Je n'aime pas...
	Je déteste...

### Miam! Miam! (Yum! Yum!)

What are you having for tea? Draw a picture of your meal here (or take a photo if you like) and label it in French.  
Use your dictionary – paper or online – to find out what each food is called.
