

# Compose a Piece of Music

Can you create a piece of music? Use the grid to create a composition for one or more people.  
The animal pictures below all have different rhythms that match with their name.

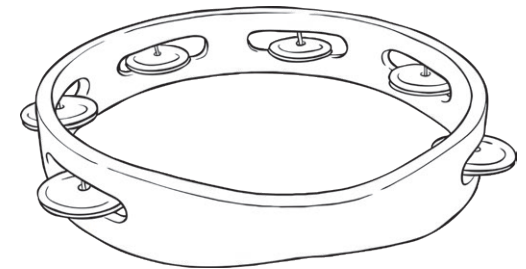

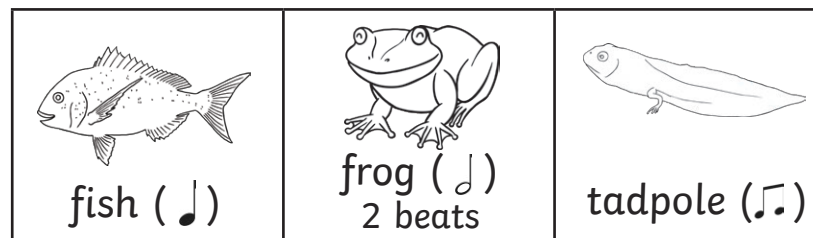

Fish = 1 clap (1 beat)

Frog = 1 clap (hold for two beats)

Tadpole = 2 claps (2 claps that last the same amount of time as the fish)

1. Draw or write the instrument(s) of your choice in the first box.
2. Use the animal pictures to choose your rhythms. The information on this page will help.
3. Place the animal cards in the grid.
4. Using your instrument, follow the grid and play.
